Dear Mr. Lio Salazar, Senior Planner

I'm writing this letter in support of the Fountain Wind Project and urging the Planning Commission to approve their application.

2022, will mark my 50th year in Shasta County. During that time I've worked 10 years for Assemblyman Stan Statham representing the nine northern counties and 25 years as the CEO of the Shasta Builders Exchange. Both of those positions involved working with people to ensure positive outcomes of challenging situations. I view the Fountain Wind Project the same way.

My wife Sharon and I have two children born in Shasta County and three grandsons all living and working here. My daughter, Kylie, is a 20 active realtor with Relevant Realty and my son, Garrett, is the GM of Riverview Golf and Country Club.

We have actively talked about the Fountain Wind Project with our family and all agreed the short term and long term economic benefits of jobs, sales tax, property tax, their willingness to be part of the community all contribute to our support.

I believe they have addressed all and any issues and should be approved.

Thank you,

J. Kent Dagg

Dear Shasta County Planning Commission,

As a construction worker in Northern California, I am writing in strong support of the Fountain Wind Project. This project will employ hundreds of construction workers right here in Shasta County, creating apprenticeship opportunities for North State residents. I appreciate the concerns that have been raised by the project opponents, but I believe that those concerns have been adequately addressed. This process has been very transparent and engaging, and I credit the project applicant and Shasta County Staff for their work in making that a reality. On behalf of myself and my family, I encourage you to do what the majority of Shasta County residents are asking for: approve this project as presented.

Regards,
Clifford casten
