Dear Shasta County Planning Commission,

As a construction worker in Northern California, I am writing in strong support of the Fountain Wind Project. This project will employ hundreds of construction workers right here in Shasta County, creating apprenticeship opportunities for North State residents. I appreciate the concerns that have been raised by the project opponents, but I believe that those concerns have been adequately addressed. This process has been very transparent and engaging, and I credit the project applicant and Shasta County Staff for their work in making that a reality. On behalf of myself and my family, I encourage you to do what the majority of Shasta County residents are asking for: approve this project as presented.

Regards,
Joshua Bartholomew

Dear Shasta County Planning Commission,

Dear planning commission of Shasta County, I am writing to throw my hat in the ring on anything, and all things that will help support California's Power grid
And the IBEW skilled trade workforce!!

Also I would like to take this opportunity to propose a prisoner powered electric generating turbine install on all of California's prison yards- 33 prisons in California= 33 prison yard turbines- I believe this will offer the inmates an opportunity to contribute to this planet-while insuring a stable grid, battery backups, and possibly a small savings for the inmates that choose to participate- this may help with our recidivism problems and an opportunity for those that lost their way a chance to get their shit together-

Respectfully-
Luke Smith.

Regards,
Luke Smith

Dear Shasta County Planning Commission,

As a construction worker in Northern California, I am writing in strong support of the Fountain Wind Project. This project will employ hundreds of construction workers right here in Shasta County, creating apprenticeship opportunities for North State residents. I appreciate the concerns that have been raised by the project opponents, but I believe that those concerns have been adequately addressed. This process has been very transparent and engaging, and I credit the project applicant and Shasta County Staff for their work in making that a reality. On behalf of myself and my family, I encourage you to do what the majority of Shasta County residents are asking for: approve this project as presented.

As a construction worker in Northern California, I am writing in strong support of the Fountain Wind Project. This project will employ hundreds of construction workers right here in Shasta County, creating apprenticeship opportunities for North State residents. I appreciate the concerns that have been raised by the project opponents, but I believe that those concerns have been adequately addressed. This process has been very transparent and engaging, and I credit the project applicant and Shasta County Staff for their work in making that a reality. On behalf of myself and my family, I encourage you to do what the majority of Shasta County residents are asking for: approve this project as presented.

Regards,
Aaron Hendel

Dear Shasta County Planning Commission,

As a construction worker in Northern California, I am writing in strong support of the Fountain Wind Project. This project will employ hundreds of construction workers right here in Shasta County, creating apprenticeship opportunities for North State residents. I appreciate the concerns that have been raised by the project opponents, but I believe that those concerns have been adequately addressed. This process has been very transparent and engaging, and I credit the project applicant and Shasta County Staff for their work in making that a reality. On behalf of myself and my family, I encourage you to do what the majority of Shasta County residents are asking for: approve this project as presented.

Regards,
Nicholas Banducci
